“ My Sweet brother Louie, I miss you so much. I miss our phone calls and making plans for you and Betty to come and get me and go up to Paterson to see Johanna. I wish we could have. I miss how you were always asking about me and Ray and making sure that we were ok. Thank you for all the family information. I love you tons. I will miss you forever, my"Little Brother almost twin:" Rest in Peace and may the angels take you into Paradise.

“ Uncle Lou you were one amazing man. Thank you for teaching me poker when I was like 5. I won lots of money through the years. I love all the memories especially oak ridge :) Family would always get together and all the kids would play. I can still hear You and Aunt Bet say " If you kids don't listen your going to MR Dabinport" to find out years later it was a nice old man who lived down the hill, but you kept us kids in line. It was always an adventure going for a ride especially when I had no idea the directions and you would say "Helenjo down the road a piece, around the corner a stretch" lol. I have so many memories Uncle Lou and thank you. You will never be forgotten and remain in my heart and will always be missed. R.I.P. Uncle Lou Love you

“ My sweet and funny Uncle louie.....I have a million memories from my childhood with you in them. I remember how every time I saw you. You would always tell me I was your favorite neice (you probably said that to all of us lol) I remember how you bought me one of my first 45 records. Elvira by the oak ridge boys! Numerous bbqs and family parties. And most recently how when my dad passed 3 years ago you drove all the way to nj just to make his memorial service and give us comfort and love! I know you are at peace and with my parents and all our family in heaven. We will love and miss you xo
